

Financial Planning Checklist

While you're searching for a Medicare plan, you should also consider taking a look at your finances. Here are some things to keep in mind:

- Apply for Social Security.**
- Check your retirement savings accounts and make sure you know when to withdraw funds.**
- If you'll have a pension, talk to your employer about those benefits.**
- Think about where you want to live long term. Will you downsize?**
- Consider your health care costs.** If you don't know where to start, you can learn more at [HighmarkCost.com](https://www.HighmarkCost.com)
- Create an estate plan and review it every five years.**
- When you have the full picture of your finances, estimate your monthly costs and create a spending budget. Then stick to it.**

Because we want to make sure you're all set for this next stage of life.
