

Keep your members updated.

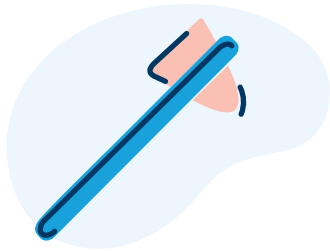

The Highmark member education team is still available.

Right now, it's important that your members know all the ins and outs of their health plan. And with our team's meeting options, there's no need to wait until everyone is back in the office.

VIRTUALLY

We offer live webinars, recorded educational pieces, virtual member Q&A, and more for your remote workforce.

ON-SITE

We're still meeting in person, while following social distancing procedures.

BOTH

Want to start virtually, and transition to on-site later? We'll find something that works for you.

No matter what your needs may be, from help with open enrollment to educating about spending accounts, we're dedicated to keeping your members informed and updated. Contact your Highmark representative today to talk about member education.
