Low cost
together
with high quality

Together Blue provides access to some of the best doctors and hospitals in our region.

With new AHN facilities opening frequently, you'll find the care you need close to home. Choosing AHN providers also gives you access to MyChart – an integrated system that allows you to schedule appointments and see health information right on your phone. You even have the option of a virtual doctor's appointment – from the comfort of home – for minor illnesses like a cold, a sore throat, pink eye, allergies, rashes, and more.

Find MyChart in the Apple App Store or Google Play by searching Allegheny Health Network.

Highmark together with local providers

Together Blue consists of more than 20 community hospitals and over 2,500 primary care physicians and specialists in western Pennsylvania alone.

You're covered at emergency rooms and urgent care facilities from coast to coast under the BlueCard® program, and when traveling globally, you're covered in 190 countries through the Blue Cross Blue Shield Global® Core program. Simply check to be sure your selected providers are in network prior to your visit.

Refer to the list of current in-network facilities on page 17 of this brochure.

Finding in-network providers

Keeping your care in network ensures that medically necessary treatments will be covered.

How to find an in-network provider:

- Log in to the My Highmark app or myhighmark.com.
- Click on **Get Care**.
- Click on **Go to Provider Search**.
- To see only AHN providers, click on **Refine** and select **Allegheny Health Network**.

Or, speak directly to a Together Connect team member by calling the Member Service number on the back of your member ID card.

Our Together Connect team together with your needs

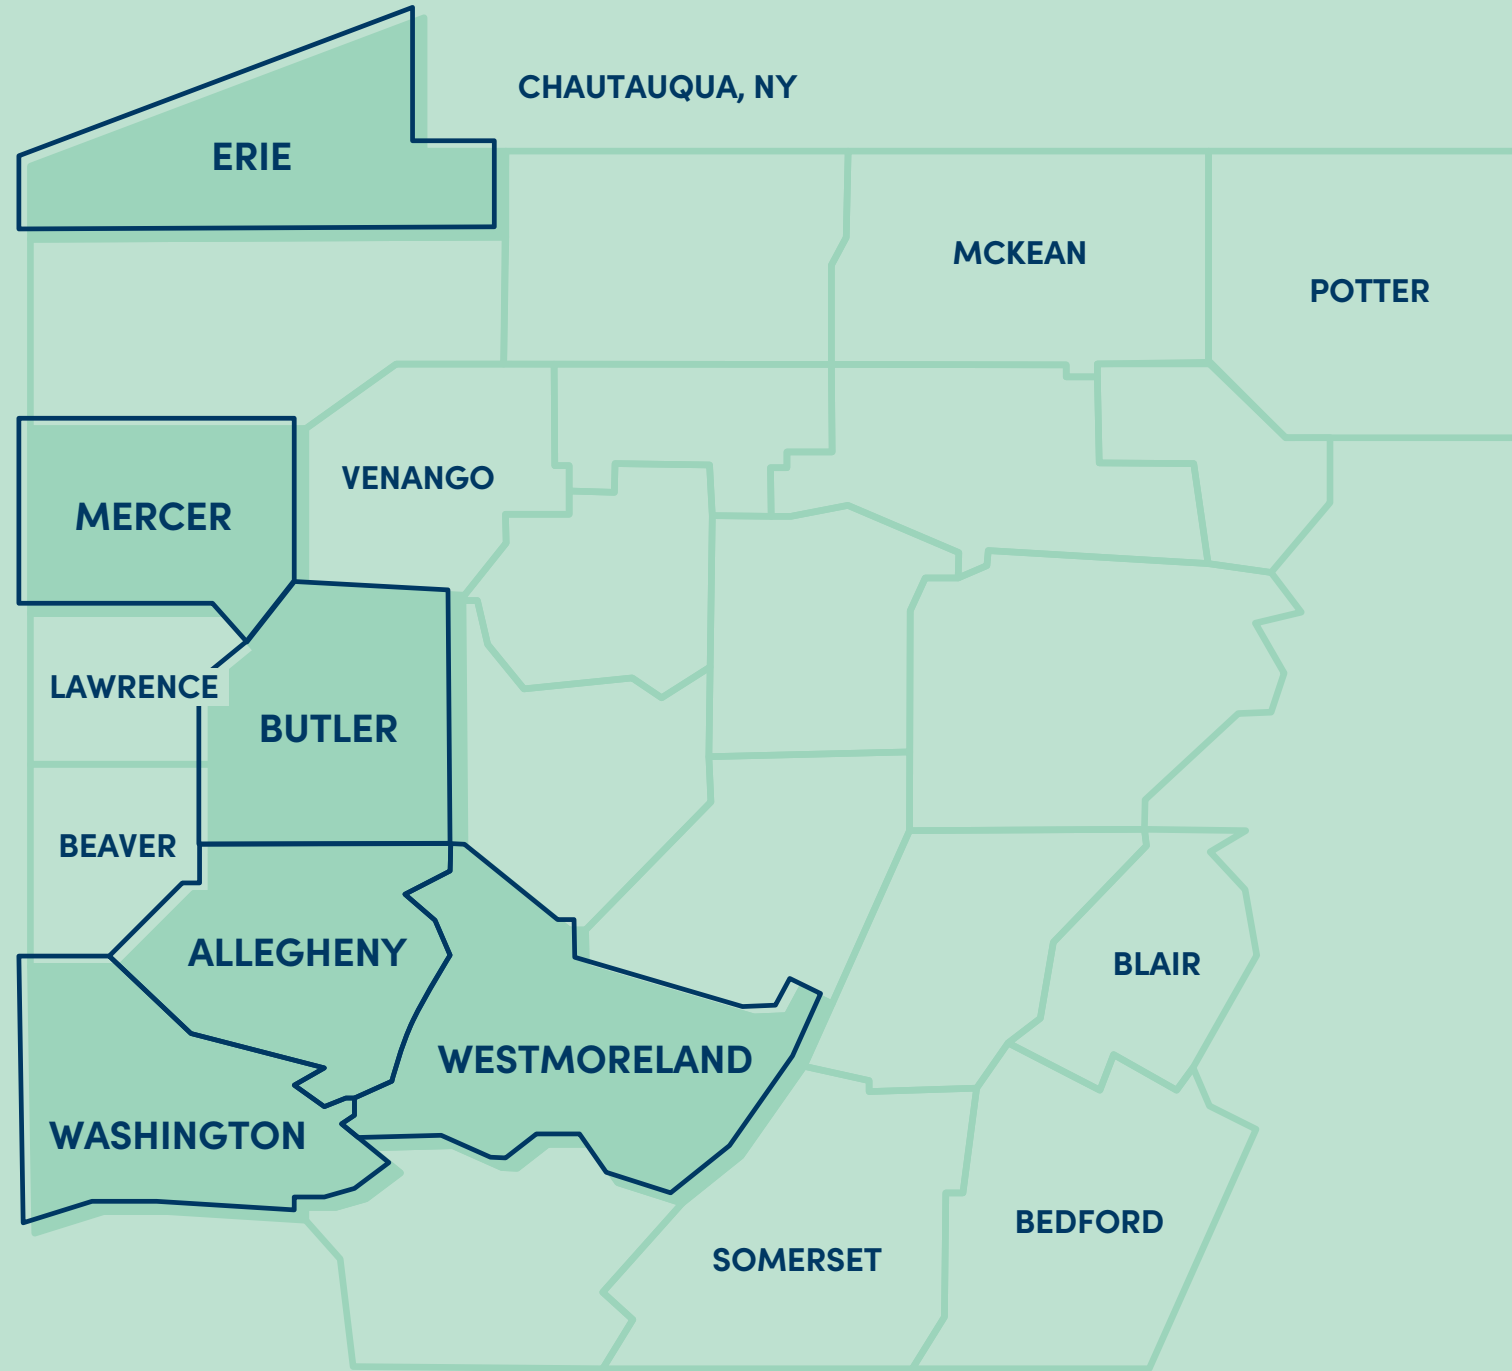

The Together Connect team is an exclusive offering for the Together Blue plan. It's made up of a dedicated representative, nurse, behavioral health/social worker, and pharmacist, if one is needed. They offer much more than a single service representative — in fact, it's a whole team of people working with you throughout your health and wellness journey.

Contact the Together Connect team by calling the Member Service number on the back of your member ID card or through the My Highmark app.

THE TOGETHER CONNECT TEAM:

- Coordinates care and offerings that are tailored to you.
 - Matches you with the right provider and schedules appointments for first-time or ongoing care.
 - Answers any health-related questions and helps you understand health concerns.
 - Transfers medical records if you are a new patient at AHN.
